

Participating Organisations in 2013

Green Watershed (Yunnan) and BothENDS (Netherlands) will focus on the effectiveness of Green Credit policies and how they might be improved. They aim at providing civil society organisations in China and Europe with an understanding of the different policies' implications for their development project monitoring.

The Yunnan Environmental Development Institute (Yunnan) and the Grüne Liga (Germany) both focus on water policies. The exchange aims at fostering a better understanding and application of holistic and sustainable solutions in the context on safe water utilization and protection.

The Public Interest and Development Law Institute PIDLI (Hubei) and The Rights Practice (UK) wish to understand operations and practical functioning of the others' NPO as well as concrete operations of the criminal justice system in the others' area. They also aim to use the exchange to train the participants in legal and cultural matters.

CHEE Productions (Guangdong) and Berlin Massive (Germany) will jointly explore structures and opportunities of working in the field of cultural youth education, culture and intercultural work in their respective area.

Hunan Aimier and Chickenshed (UK) focus on inclusive theatre. The participants aim at improving their cooperation in providing inclusive theatre workshops in China and work on train-the-trainer programs.

The "EU-China NGO-Twinning" is a programme of the Stiftung Asienhaus supported by the Robert Bosch Stiftung.

Stiftung Asienhaus

The Stiftung Asienhaus is committed to the implementation of human rights, the strengthening of social and political participation, as well as the protection of social justice and the environment. The organisation was founded in 1992 under the name "(German) Asia Foundation". Its founder, Prof. Dr. Günter Freudenberg, and several other associations working on Asia joined together in 1995 in Essen and founded the Asia House. In October 2012, the Asia House moved its headquarters to Cologne.

Robert Bosch Stiftung

The Robert Bosch Stiftung is one of the major German foundations associated with a private company. Founded in 1964 it has managed the philanthropic bequest of company founder Robert Bosch for more than 40 years. The foundation engages in the areas of science, health, international relations, education and culture. In 2006 it established a regional focus on China and has since supported Sino-German relations in the areas of Good Governance, education, media and culture.

Tackling Common Issues
Through Learning Partnerships

The EU - China NGO Twinning

October 17th 2013, Berlin

A programme of the

Stiftung
Asienhaus

Supported by the

Robert Bosch Stiftung

The **EU - China NGO Twinning** is an exchange programme for the staff of European and Chinese non-governmental or non-profit organisations and think tanks.

The future of our world will largely depend on how the relations between Europe and China are carved out. We consider it fundamental to involve civil society in these important issues.

In the context of this project, European and Chinese NGOs working on similar thematic focuses will be paired up as “twinning-partners”. Exchange fellows recruited from the staff of these organisations are given the opportunity to do a work-and-study stage for 4-8 weeks in their partner organisations in the respective other region.

With this programme the Stiftung Asienhaus, supported by the Robert Bosch Stiftung aims at establishing sustainable learning partnerships and cooperation between NGOs from both regions.

www.eu-china-twinning.org

On October 17th the Chinese and European exchange fellows of this year’s first round of NGO Twinning will introduce their organisations’ work and reflect on the impact of the exchange.
